Re: Ceiling replacement

Dear Tom:

We would like to express our appreciation for the ceiling/drywall work you did at our house recently. We have not had the best experiences with local contractors since Hurricane Charley.

You returned phone calls, your men showed up on the job on time, and completed the work right on schedule. I saw no waste of time from your employees, and their workmanship was excellent.. Their work matched the existing portion of ceiling so one cannot tell where the repairs began.

I would not hesitate to recommend you and your company to anyone. Thank you for a wonderful, pleasant contracting experience.

Sincerely,

Charlie Kruse
